

My name is Randy Weimer but some of you know me as Rockin' Randy. I was born and lived half my life in Baton Rouge, Louisiana. I owned and managed a music store prior to leaving Louisiana to travel extensively throughout the USA as a bandleader with a 6 piece band with a 2 man road crew. I gained much experience in dealing with others and having to work through issues and problems that would naturally arise traveling and performing with such a combo.

I currently live in Spring Lake Heights, NJ and have been a member Of CJPHC for 7 years. I am a musician, pianist/keyboardist, vocalist, and band leader and I'm very serious, passionate and dedicated to my craft. I try to be that way over every task I take upon myself. Whether it was in a school orchestra or conducting my 8 piece band, entertaining in many clubs and even the troops of our nation performing on a USO tour, I was blessed with the ability to spread music into the souls of many.

I understand the importance of preparation and hard work of the board of directors and I appreciate and respect all the actions of the club to assist those in need. I apply these values to my work as a musician/entertainer and would welcome the privilege to assist fellow

members of the club and the board to helping the club to be the best it can be for helping those in need.

I have been involved with many events & benefits throughout my career as a musician and have witnessed the ups and downs in the planning and preparation of events. I believe as a trustee of CJPHC this experience could lend itself to helping the club with all it's non-profit endeavors and more.

I thank you for the nomination and consideration to serve our PHun PHilled charity organization.

Love to all

Rockn' Randy
